

Voluntary Assisted Dying (VAD) Statement

Voluntary Assisted Dying legislation has come into effect in Victoria, Tasmania, Queensland, South Australia and New South Wales from 28th November 2023. In alignment with the principles set out in our model of care, Anthem will respond openly, sensitively, and respectfully without discrimination to anyone under our care who expresses a wish to explore or consider Voluntary Assisted Dying.

However, Anthem will not participate in assessments undertaken for the purpose of accessing or making use of the interventions allowed under Voluntary Assisted Dying legislation, nor does Anthem administer (or facilitate the administration of) a substance for the same purpose.

For information on VAD please contact your GP and/or contact the NSW Voluntary Assisted Dying Care Navigator Service on 1300 802 133 (Mon-Fri 8:30am – 4:30pm) or email NSLHD-VADCareNavigator@health.nsw.gov.au
