

Can I make a difference in the lives of people?

Anthem Care is a unique, integrated care community providing all levels of care, both private and subsidised in modern, functional, and comfortable surroundings in Bowral in the beautiful Southern Highlands

At Anthem Care, we actively subscribe to a set of core values. They underpin the way in which we conduct our business, shaping our culture and defining our character. They are – **Integrity, Respect, Teamwork, Care, Consistency.**

We are currently inviting applications from:

Clinical Care Coordinator – Full time position

Anthem Care has developed an innovative model of care and are seeking an experienced Registered Nurse who is passionate about clinical excellence and aged care to join our team.

Our Clinical Coordinator is an integral part of Anthem Care's high-quality care team who will provide supervision, coaching & support to our RN's, ensuring our clinical leadership team deliver high quality personal and clinical care.

The successful applicant will have a strong understanding of clinical governance, leadership skills and partner with our residents to deliver care in accordance with their needs, goals & preferences. Your personality would need to be motivating, positive and extremely passionate about the reasons why you wanted to become a nurse.

Selection Criteria

The successful candidate will have:

- Experience working within aged care/acute aged care or similar environment
- Empathy, compassion and respect for our elderly residents
- Current AHPRA registration; Minimum five-year post graduate aged care experience
- Excellent interpersonal skills with experience in management & motivating people
- Knowledge of Residential Aged Care Facilities management
- Highly developed oral and written communication skills with the ability to foster effective relationships with staff, residents, family members and external service providers
- High level organisational and time management skills
- High energy levels, focus and commitment to our organisation
- Ability to work effectively within a multidisciplinary team
- Computer literacy with Microsoft Office suite
- Excellent clinical documentation skills
- Experience in aged care assessments an advantage

To be considered for these opportunities the applicant shall provide, using the downloadable application form from the website, www.anthemcare.com.au, the following information:

- Cover Letter
- Resume detailing previous experience and qualifications
- Current police clearance certificate and Australian residency or a valid work visa
